Automatic titration without all the complications

Simplify complex titration with the Titralab AT1000 from Hach. Straight from the box the AT1000 eliminates operator interpretation and manual processes you have come to expect with existing manual titration. The automatic system gives you more reliable results without complicated analysis. To make setup and titration simple, the AT1000 utilizes application specific kits to make it quick and easy for anyone to set up and operate a test.

Reliable titration results

Eliminates operator interpretation and manual processes with automatic titration to quickly deliver accurate and repeatable results.

Pre-programmed titration methods detect end points and eliminate manual calculations to make results easier to achieve without advanced programming.

Simple setup and titration

Application-specific functions to eliminate complex titration setup and analysis.

Hach's unique application kits make it quick for anyone to set up and operate a test.

Specifications

Application:

Automatic reagent addition: Integrated peristaltic pumps for reagent addition

Beaker volumes accepted: System specific beakers: Polypropylene, 50 mL & 150 mL with clips

Generic beakers supported: Up to 250 mL low form glass

Burette for Titrant:

Burette motor resolution: 20,000 steps with electronic µstepping technology (128 µsteps/step)

Burette volumes available: 2.5/5/10/25 mL, ISO8655-3

Calibration: Electrode & titrant (up to 5 buffers in Auto Mode, fixed & user defined)

Calibration curves display: Direct & derivative titration curves, electrode calibration curve

Calibration intervals/alerts/reminder: Yes, user defined period

Certifications: Safety IEC/EN 61010-1; EMC IEC/EN 61326-1
Data logger: On USB flash drive, CSV format, Excel compatible

Data storage: Date, Time, Operator IDs, Sample IDs

Display type: 5,7"; Graphic colour; VGA

Electrode: INTELLICAL ("Plug & Play" digital), analogue, photocolorimetric; 2 inputs available

Embedded procedures: Tubing bubble purging, reagent priming, burette and pump replacement

Installation category: Category II

Languages user interface: English, German, French, Italian, Spanish

Maintenance scheduler: Yes, user defined

Material: Latene (PP), silicone, hardened glass, POM, stainless steel

Measurement method: Potentiometric (zero & imposed current), amperometric, colorimetric

Model: AT1122

Operating conditions: 15 - 35 °C (59 - 95 °F), 20 - 80 % RH, non-condensing

Operating humidity: 20 - 80 % (non-condensing0

Operating Interface: Soft keypad (silicone)
Operating temperature range: 15 - 35 °C (59 - 95 °F)

Output: Electrode ports (x2), USB (x2), Serial (x1), Ethernet (x1)

Parameter: mV/pH, Conductivity, Temperature (°C or °F)

Password Protection: Yes, user defined protected elements

Pollution degree: 2

Power requirements (Hz): 50/60 Hz

Power requirements (Voltage): 100/240 V AC

Pump flow rate: 100 mL/min

Pumps: 2

Required Application Package/s: AP0007.AT1122

AP0012.AT1122

Resolution: Conductivity: ±0.5 % of reading

Sample stand: Integrated, magnetic stirring, beakers up to 250 mL

Storage conditions: -5 - 40 °C

Supported peripherals: Printer, PC software, balance, sample changer, keyboard, mouse, barcode reader, sampling pump,

propeller stirrer

Titration modes: Sample, blank, sample with blank, QC sample, QC sample with blank

Titration types: Potentiometric (zero & imposed current), amperometric, colorimetric

Warranty: 24 months
Weight: 4 kg

What's included?: 1 ea. AT1122-Titralab AT1000 Titrator

1 ea. LZE144- Power Supply

1 ea. LZE141- 4 position tube holder

1 ea. LZE185- Electrode Storage Tube

1 ea. Basic User Manual

Sold Separately: Don't forget to order your Application Pack and Reagents and consider

purchasing an AS1000 Sample Changer.

1 ea. AT1122-Titralab AT1000 Titrator 1 ea. LZE144- Power Supply 1 ea. LZE141- 4 position tube holder 1 ea. LZE185- Electrode Storage Tube 1 ea. Basic User ManualSold Separately: Don't forget to order your Application Pack and Reagents and consider purchasing an AS1000 Sample Changer.

Required Accessories

- Titration Application Pack Food & Beverage: Free & Total SO, in wine (Item AP0012.AT1122)
- Titration Application Pack Amperometric: Free & Total Chlorine, Chlorine Dioxide, Chlorite, & Sulfite (Autocat) (Item AP0007.AT1122)
