

## pH combination electrode, general purpose, SMEK connector

Product #: LZY027

**OBSOLETE ITEM**  
This item is no longer available.

pH electrode with polymer electrolyte, flow-through probe with PG13.5 thread and Pt1000 temperature sensor with quick disconnect plug

---

### Specifications

Application:	WW, Food, solvents, acids, caustics
Cable connection:	SMEK plug connection
Connector:	VP
Diaphragm:	Hole diaphragm
Electrolyte:	Polymer with visible KCl reserve
Material:	Ag/AgCl
Measuring range:	2 - 13 pH
Operating temperature range:	0 - 100 °C
Pressure range:	10 bar
Reference electrode:	Ag/AgCl
Response time:	< 30 s
Sensor material:	Glass
Temperature sensor:	Pt1000 integrated
Weight:	0.15 kg
