

Polymetron 8483B pH reference electrode

Product #: 368483,00000

AED Price: Contact Hach

Specifications

Diameter:	12 mm
Diaphragm:	Liquid junction
Length:	120 mm
Operating temperature range:	0 - 110 °C
pH Range:	Sample's pH must be > 2
Pressure range:	maximum 6 bar at 100 °C
Sensor thread:	Pg 13.5
Special notes:	AgCl free and polymerised reference
