### LCK cuvette tests: Minimum amounts of reagents, maximum safety.

Pre-dosed reagents for maximum safety. Easy to use and photometric evaluation, packaged in a fully equipped box. Environmentally friendly due to less chemicals.

#### Precise and reliable measurement values

#### Maximum safety for users, thanks to the closed system and low amounts of reagents

#### Convenient and error-free dosing of the reagents

#### Barcode label for automatic recognition in the photometer

#### Differentiation between tests and measuring ranges by means of colour-coding
